VA 1.20/4:

PREFACE

All publications listed in this catalog are available for public inspection and copying or release of a sample copy.

FORMAT. Publications used by the Department of Veterans Affairs have been grouped as follows in this catalog:

- Bulletins
- Catalogs
- Circulars
- GSA
- GUIDES
- Handbooks
- HUD
- Interim Issues
- Manuals
- Maps
- Monographs
- Operating Manuals
- OPM
- Pamphlets
- Posters
- Treasury
- Training Programs
- Regulations
- VA Specifications
- Miscellaneous

GENERAL INFORMATION

SYMBOLIC CHARACTERS. These characters indicate the source of the publication.

C	Order from VACO(036D)(Printing and Binding Schedule No. 8)
W	Stocked by the controlling service.

NOTE: No symbol indicates that the publication is Depot stocked.

CENTRAL OFFICE PUBLICATION CONTROL OFFICES listed below should be contacted concerning inquiries involving printed publications which are indigenous to their respective operation.

FIELD STATION ACTIVITIES	PUBLICATION CONTROL OFFICE AND SYMBOL	FTS NUMBER(S)
Medical Activities (MC, M&D, OC, DO, Vet Centers, PC and VCFSO)	Publications & Directives Mgmt. Staff(101B2)	373–2507
SD, MKC, NCAO, FOI and FOA	Forms Mgmt. Staff (136E)	373–2282/ 2548
Regional Offices (RO and M&ROC)	Forms/Publications Mgmt. Staff (203C2)	373–2660
Data Processing Centers	Records Mgmt. Staff (30A3B)	373–3700/ 2644
CO Staff Offices DMA, General Administrative forms point of contact	Forms & Correspondence Mgmt. Div. (732)	373–2386

Obsolete Publications will be disposed of in accordance with the instructions contained in VA Manual MP–2 Revised, subchapter E, section 108–27.5107–3(a),(4).

Unit of Issue. The unit of issue for all publications is EA (each).

FIELD STATION ERROR CODES

If initial edits are not passed, then the applicable station will receive Reject Report 122 listing the error codes, with asterik(s) appearing below the invalid field(s) (applies to transactions 777 and 781). These error codes will also appear on the stations Report 138, Shipping Document. The error Codes on Report 122 and 138 are as follows:

"CANCELLED, PUBLICATION STOCKED BY CONTROLLING SERVICE":
Occurs when a station orders a particular publication which has symbolic character "W".

"CANCELLED, NOT BEING BACKORDERED"
Occurs when a station orders a particular publication which was zero balance at the Depot and the Depot has been instructed not to backorder the publication.

"CANCELLED, OUTSTANDING BACKORDER EXISTS FOR YOUR STATION"
Occurs when a station has previously ordered a publication, which was a zero balance at the Depot and a backorder already exists.

"CANCELLED, CANNOT IDENTIFY REFERENCE FORM NUMBER"
Occurs when a station requests an invalid Depot Stock Number or keypunching error is made in the Depot Stock Number Field.

"RESUBMIT TRANSACTION, FORM IS NOT ACCOUNTABLE"
If a station orders a form which they believe is an accountable form, (Transaction 777 with an "A" in cc 20), but in reality is not accountable.

"CANCELLED, NEW PUBLICATION – INITIAL STOCK NOT RECEIVED"
Occurs when a station orders a new publication for which initial stock has not arrived at the Depot.

REQUISITIONING INSTRUCTIONS

1. The following requisitioning instructions are implemented in accordance with MP–6, PT. XIV, SUP. 7.1.

2. Regularly scheduled requisitions for publications will be transmitted by VA Field Stations, VA Regional Offices, and their supported activities to Austin DPC through the VADATS System (transaction 777, see MP–6, PT. XIV, SUP. 7.1, Chapter 2), or through Falcon. The publications will be ordered by Depot stock numbers representing each publication. The field Stations will transmit the Depot Stock Number and the quantity for each publication.

3. Off–Schedule requisitions for publications will be filled by the Forms and Publications Depot on an emergency basis only. In accordance with MP–6, PT. XIV, SUP. 7.1, these requests must be for no more than five (5) line items. An accompanying message (781 Type M) is required for emergency and off–schedule requisitions to fully justify the requisition (See MP–6, PT XIV, SUP. 7.1, Chapter 2 and 3 for detailed instructions).

4. The Requisitioning schedule is printed in this catalog on page v. Quarterly requisitions will be transmitted to Austin DPC on the scheduled date. If, for any reason, requisitions cannot be submitted on time the Depot will be promptly notified by the Field Station's Chief of Supply or the PCO of the delay, the reason therefore, and the expected submission date. This message can be transmitted on the VADATS, ARS system or via Electronic Mail (E–Mail) to the Depot.

5. Emergency requests from the field station's Publications Control Officer for publications are restricted to extreme emergency situations and limited to five (5) line items. Such requests will be processed as special off–schedule requisitions.

6. The VA Central Office, other government agencies, and approved organizations will place their order(s) for publications on VAF 3–2290, Forms or Publications Requisition and Shipping Document, listing the publication number and quantity. Requisitions from the VA Central Office will be channeled to the Depot through the departmental Publications Control Officer. These requests will be precoded for keypunching and transmitted by the Depot.

7. Revision dates are provided for all publications listed. The current revision date will be listed under the category "REV DATE". If there is a publication with more than one revision date, the Depot will first issue any previous edition of stock, until such time that stock is exhausted, when so directed by the controlling service.

8. The Field Station Director will furnish the Depot Officer (036B), the names, titles, and telephone number (FTS) of their designated PCO and alternates, who have the responsibility of signing all requisitions for printed matter submitted to the Depot. However, the Chief of Supply or the station level PCO will have the sole responsibility for placing telephonic requests. Under no circumstances will requests by telephone be accepted from other sources.

9. Out of stock items will be placed in backorder (BKO) status unless otherwise indicated. Once a backorder has been created for a specific line item, future requests from that facility for that item, will be automatically cancelled by the computer. The station will be notified by Report 138, SHIPPING REPORT, that the publication has been placed on backorder, or that it has been cancelled due to the publication being previously backordered for that station. Upon receipt of the stock, the Depot will immediately process the outstanding backorder(s).

10. Requests for reproduction services should be submitted on VAF 3–7700 to Publications Service, VACO (036D) in accordance with instructions contained in Printing and Binding Schedules NO. 2 and/or 8, identified by the symbol "B". Do not submit requests for reproduction services to the Forms and Publications Depot. PCO's should determine whether the item(s) are stocked by the Depot prior to completion of VAF 3–7700, except in cases of overprinting. Submission of VAF 3–7700 for items stocked by the Depot creates a delay in filling the request. This type of request will be returned to the originator for proper preparation and resubmission in accordance with the requisitioning requirements outlined above.

11. Items that are stocked by service will be identified by the symbol "W". The requesting element must then contact the controlling service by letter or VAF 3–7700, to obtain these items. The customer's request for items stocked by the service or station will be rejected by the LOG 1 System.

12. Transportation costs are an enormous expense to the Department of Veterans Affairs. Stations are reminded that adherence to the quarterly requisition schedule will enable the Depot to utilize truckload or carload shipping rates and hold transportation costs to a minimum.

13. This catalog rescinds VA Catalog 1–P, July 1988, which will be salvaged in accordance with VA Manual MP–2 Revised, Sub–Chapter E, section 108–27.5107(a),(4).

14. No publications will be returned to the VA Forms and Publications Depot without prior approval.

15. Vet Centers are required to submit requisitions through their assigned servicing facility.

Distribution: RPC: 0310 FD
